

BESPGHAN Session Program

Scientific Group : BeSPGHAN

Day : February 13, 2025

Session 1: Approving new treatments in IBD for children and abstracts

Moderators : Olivia Bauraind (Clinique CHC MontLégia Liège), Ilse Hoffman (Universitair Zienkenhuis Gasthuisberg Leuven - KUL)

14:00 Invited lecture: Children and adolescents with IBD: what are the options if anti-TNF fails ?

Hankje Escher (Erasmus MC Sophia, Rotterdam, the Netherlands)

- 14:40 6 K 01 The ImproveCareNow registry: Prediction of different remission rates in pediatric ulcerative colitis.**
 J. VAN HECKE (1), G. VEEREMAN (2), K. HUYSENTRUYT (1), L. WAUTERS (3), J. ADLER (4), E. DE GREEF (1) / [1] UZ Brussel, Brussels, Belgium, Pediatric Gastroenterology and Nutrition, [2] UZ Brussel, Brussels, Belgium, Pediatric Gastroenterology, [3] KUL – University of Leuven, Leuven, Belgium, Gastroenterology, [4] Michigan Medicine, Michigan, United States (the), Pediatric Gastroenterology and Nutrition
- 14:52 16 K 02 Clinical Benefits Of Maralixibat For Patients With Alagille Syndrome Are Durable Through 7 Years Of Treatment: Data From The MERGE Study.**
 E. SOKAL (1), B. KAMATH (2), E. GONZALES (3), D. KELLY (4), K. MURRAY (5), D. LEUNG (6), D. MOGUL (7), W. GARNER (8), P. VIG (7), E. JACQUEMIN (9) / [1] UCLouvain, Cliniques Universitaires St Luc, Belgium, Pediatric Hepatology, [2] The Children's Hospital, United States (the), of Philadelphia, [3] Service d'Hépatologie et de Transplantation Hépatique Pédiatriques, Centre de Référence de l'Atrésie des Voies Biliaires et des Cholestases Génétiques (AVB-CG), France, FSMR FILFOIE, ERN RARE LIVER, Hôpital Bicêtre, AP-HP, Faculté de Médecine Paris-Saclay, Le Kremlin-Bicêtre, and Inserm U1193, Hépatinov,

Université Paris-Saclay, [4] Birmingham Women's & Children's Hospital NHS Trust and University of Birmingham, United Kingdom (the), Liver Unit, [5] Cleveland Clinic Children's Hospital, United States (the), and Cleveland Clinic Lerner College of Medicine of Case Western Reserve University, [6] Texas Children's, United States (the), Hospital, [7] Mirum Pharmaceuticals, Inc, United States (the), Scientific Affairs, [8] Mirum Pharmaceuticals, Inc, United States (the), Biostats, [9] Service d'Hépatologie et de Transplantation Hépatique Pédiatriques, Centre de Référence de l'Atrésie des Voies Biliaires et des Cholestases Génétiques (AVB-CG), , France, FSMR FILFOIE, ERN RARE LIVER, Hôpital Bicêtre, AP-HP, Faculté de Médecine Paris-Saclay, Le Kremlin-Bicêtre, and Inserm U1193, Hépatinov, Université Paris-Saclay

- 15:04 103 K 03 Antibiotics post-appendectomy in pediatric patients – a Literature review leading to proposition for a new treatment Protocol.**
C. GOOVAERTS (1), M. MISEREZ (2), K. VAN HOEVE (1), I. HOFFMAN (1) / [1] University Hospitals Leuven (UZLeuven), Leuven, Belgium, Department of Pediatric Gastroenterology, Hepatology & Nutrition, [2] University Hospitals Leuven (UZLeuven), Leuven, Belgium, Department of Abdominal Surgery
- 15:16 143 K 04 Evaluation of transcutaneous interferential electrical stimulation In the treatment of chronic constipation in children: a pilot study.**
H. VAN GOOL (1), E. BAERT (2), I. GERAERTS (2), M. MISEREZ (3), K. VAN HOEVE (4), I. HOFFMAN (1) / [1] University Hospitals Leuven (UZLeuven), Leuven, Belgium, Paediatric gastroenterology, [2] University Hospitals Leuven (UZLeuven), Leuven, Belgium, Physiotherapy, [3] University Hospitals Leuven (UZLeuven), Leuven, Belgium, Abdominal Surgery, [4] University Hospitals Leuven (UZLeuven), Leuven, Belgium, Paediatric Gastroenterology

15:28 – 16:00 Coffee Break

Session 2: Obesity in children

Moderators : Philippe Alliet (Jessa Ziekenhuis Hasselt) and Laurence Muyshondt (Hôpital Civil Marie Curie Charleroi)

- 16:00 Invited Lecture: Childhood obesity: time for paradigm shifts.**
Philippe Lysy (Cliniques Universitaires Saint Luc – UCL)

16:30 Invited Lecture: New horizons in childhood obesity treatment

Inge Gies (KidZ Health Castle Universitair Ziekenhuis Brussel – VUB)

17:00 Invited Lecture: Metabolic and bariatric surgery: is it childish ?

Matthias Lannoo (Universitair Ziekenhuis Gasthuisberg Leuven – KUL)

17:30 BeSPGHAN Prize

e-Posters:

5 K 05 The ImproveCareNow registry: Prediction of two-year non-remission in pediatric ulcerative colitis.

J. VAN HECKE (1), G. VEEREMAN (2), K. HUYSENTRUYT (1), L. WAUTERS (3), J. ADLER (4), E. DE GREEF (1) / [1] UZ Brussel, Brussels, Belgium, Pediatric Gastroenterology and Nutrition, [2] UZ Brussel, Brussels, Belgium, Pediatric Gastroenterology, [3] KUL - University of Leuven, Leuven, Belgium, Gastroenterology, [4] Michigan Medicine, Michigan, United States (the), Pediatric Gastroenterology and Nutrition

138 K 06 Efficacy and safety of multiple switching from infliximab originator to different biosimilars in pediatric patients with inflammatory bowel disease.

S. DE GROOTE (1), K. VAN HOEVE (2), I. HOFFMAN (3) / [1] University Hospitals Leuven (UZLeuven), Leuven, Belgium, Pediatric Department, University Hospitals Leuven, KU Leuven, Leuven, Belgium, [2] University Hospitals Leuven (UZLeuven), Leuven, Belgium, Department of Paediatric gastroenterology & Hepatology & Nutrition, [3] University Hospitals Leuven (UZLeuven), Leuven, Belgium, Department of Pediatric gastroenterology & Hepatology & Nutrition
